

McKINLEY IS NEW JERSEY'S CHOICE.
Hobart Says Republican Sentiment Is for the Buckeye Napoleon.
As a Delegate He Declares He Shall Carry Out the Wishes of His Constituents.
HIS CHANCE FOR SECOND PLACE.
He Does Not Think His Expression of Opinion Will Interfere with His Possible Nomination for the Vice-Presidency.

Paterson, N. J., April 21.—The fact that Mr. Hobart stated the other day that the sentiment of the Republicans of New Jersey at present seemed to favor McKinley, and that he proposed to support the wishes of his party, has caused considerable surprise. It seemed strange that Mr. Hobart, who is the choice of the State for Vice-President, should express any Presidential preference.

Mr. Hobart, however, sees nothing strange in the matter. He talked frankly on the subject to-day. "There isn't any use of disguising the feeling for McKinley," remarked Mr. Hobart. "It has been growing for many weeks. It cropped out at every opportunity in the convention last week. The State Committee was fully aware of the sentiment when it met the night before the convention. Personally I favored recognizing the wishes of a large majority of the party in the platform. I had a talk with Governor Briggs early in the evening on the subject. The Governor is for McKinley, and says so. You know he so expressed himself in an interview, although he spoke as a private citizen, and not in his official capacity."

"The Governor," continued Mr. Hobart, "agreed with me that it was not wise to instruct the delegates. We went over several forms of a resolution, and finally Mr. Briggs suggested that we put a clause in the platform commending McKinley to the delegates as the choice of the Republican State. A plank was so drafted, and offered it at the committee meeting. There is nothing secret about that. But the resolution was voted down by a vote of 10 to 3. Senator Sewell was too much for me. Backed by Mr. Kean and Congressmen Fawcett and Fowler, he succeeded in keeping out of the platform all reference to any particular candidate for President. It was the only private matter with commendation."

When asked if his expression regarding McKinley would not injure his chances for the Vice-Presidential nomination, Mr. Hobart replied: "I do not see why it should. I have not said that I personally preferred McKinley or that I thought he would be nominated. I merely said he was the apparent choice of the Republican party in this State, and if the sentiment for him existed at the St. Louis Convention as it exists now, I should defer to the wishes of the State. Isn't that right? I am a delegate sent to represent my party. You cannot tell what may happen between the delegates and the middle of June. Sentiment may change. The McKinley fever may abate. A new and sudden blow for some other candidate may appear. What I said is true at the moment, and all I simply referred to the present."

Mr. Hobart handed me now as the unanimous wish of the National Convention, my inclination would be to declare it. But I am strong and so kind in its expression that I naturally am very grateful, and shall place myself at the disposal of the party and friends who are working for my elevation to the Vice-Presidency. The telegram I sent was merely intended to show the recognition of the present sentiment of the Republicans of New Jersey and my willingness to comply with the wishes of the party as they might be voiced when we reach St. Louis. While I am free to act, I am not at liberty to the desires of my constituents."

REPUBLICANS TURNED OUT
Kearny Township Committee Creates a Sensation by Appointing Several Democrats.

Newark, N. J., April 21.—There is much indignation among Republicans in Kearny to-day, especially those of the lower section, over the turning down by the Township Committee of several prominent Republican office holders, whose places have been filled by Democrats. It is understood that the committee is made up of four Republicans and one Democrat.

The turning down was effected, it is alleged, by a coalition of the lower section, represented by J. L. Newberry and J. W. Rogers, Republicans, and M. M. Forest, Democrat. These men are from the upper or Arlington section of the township, and were elected at the Spring election. There were two holdovers, James J. Lyons and William Barclay, both Republicans. The latter is the only representative in the committee from the lower section.

When the first, second and third districts were taken, the four Democrats and one Republican, the first three taking places of the present Republican members. They also got the three best of the township.

Others who were favored by the slate which went through were Bruce J. Canfield, who was elected Township Clerk in place of G. B. Baird, and W. S. Logan, who succeeded David Young as Township Surveyor. These men are all Republicans.

GREB'S FEAR OF ARREST.
Because His Wife Sought a Warrant a Newark Man Wounded Himself Mortally.

Newark, N. J., April 21.—Jacob Greb, aged twenty-five, of No. 118 Kormose street, shot himself in the right ear on Magazine street this morning, near the Central Railroad track. He was removed to St. Michael's Hospital. He cannot recover.

Grebe and his wife, who was several years his senior, frequently quarreled. Yesterday Mrs. Greb asked Police Justice Egan for a warrant for the arrest of her husband on the charge of assault. She was told to give him another trial and left without securing the warrant.

Grebe had learned of his wife's visit to the Justice, and this morning he dressed himself and fled from the house early to escape arrest. He wandered about for some time and then went to the railroad and shot himself.

THREATENED TO KILL HER.
Persistent Suitor of Murdered Hester Anderson's Sister Under Arrest.

Perth Amboy, N. J., April 21.—Katie Anderson, aged eighteen years, last night called on the police to arrest John Johnson, who was following her on the street. She said Johnson had annoyed her for a year or more.

This morning her father, Peter Anderson, appeared before Recorder Alexander Kent and made complaint against Johnson, accusing him of threatening to kill the girl. Miss Anderson told the Recorder that she had been followed by Johnson for some time. He persisted in his attentions until he was finally ejected from the Anderson home by her father.

Miss Anderson asserts that from that time Johnson never missed an opportunity of standing her on the street. Several times he struck her, and once he threatened to kill her if she did not marry him.

Johnson was arrested last night and held for his appearance before the Grand Jury. He spent the day in the city lockup. The mysterious death of Katie's sister, Hester Mary Anderson, four years ago, added to her terror, and this morning when he was taken to the police court he trembled from fright.

Hester Mary Anderson left her home one afternoon in June to go to the home of her mother. She was followed by Johnson, who had her throat cut and two bullet wounds in her breast. Less than an hour afterward she was found on the ground with her throat cut and two bullet wounds in her breast. Her death was a mystery.

Harry Schiff, a Lehigh Valley brakeman, was accused of the crime, but was released on habeas corpus proceedings after proving an alibi.

MUCH-MARRIED ANNIE.
A Bayonne Woman Accused of Having Two Husbands Smilingly States She Has Three.

Bayonne, N. J., April 21.—Detective Edward M. Griffin this morning arrested Annie Hoffman, aged thirty-five, of No. 108 West Newark street, New York City, on a charge of bigamy.

Annie was married fourteen years ago to Frank Gallagher in New York City. Three children were born to them. Two years ago Gallagher died. Annie then married a man named Hoffman, who was also known as Hoffman. One child was the result of the second marriage.

Some friends, and was arrested there on a charge of assault and battery. Gallagher, who was a well-known man in Bayonne, had been heard of Annie's arrest and had her held on a charge of bigamy. Hoffman, the second husband, was arrested on the same charge.

This morning when Detective Griffin brought Mrs. Gallagher-Hoffman to Bayonne she laughed over the matter. She admitted the truth of the charges against her, and added that she had a third husband, whose name and address, however, she refused to give.

The prisoner is a buxom blonde. She was held for examination to-morrow. Her children are inmates of charitable institutions.

THROWN FROM A CARRIAGE.
Arene Stenken and His Two Children Injured While Driving in Orange.

Orange, N. J., April 21.—Arene Stenken, a roof manufacturer of Hoboken, who resides on Ridgeway avenue, West Orange, met with an accident this evening at 6 o'clock.

He was driving down Main street near Valley road, when the front wheel of his carriage ran off. The horse became frightened and Mr. Stenken was thrown from the carriage. His two children were also injured.

The horse dashed off with the broken wheel. Stenken and the children were taken to Geiger's drug store and an ambulance was called. Stenken was injured on his head and arm. The children were also injured. The children were not badly hurt.

NO HOPE IN JERSEY FOR THIRSTY MEN.
Hudson County Grand Jury Active to Prevent Excise Violations.

Chief Murphy and a Number of His Jersey City Policemen Summoned to Appear.

SALOON MEN EXPECT SEVERITY.
Juries Are Known to Be Opposed to Sunday Selling and Violators of the Law Have Little Hope of Mercy.

The Hudson County Grand Jury yesterday summoned before it the police officers who on Sunday arrested twenty-one saloon keepers in Jersey City for violating the Excise law. After the jury had adjourned it was rumored that indictments had been found against the entire batch of excise prisoners.

The examination of the accused is to take place before Justice Potts to-night in the First Criminal Court, and it was thought strange yesterday that the Grand Jury should act upon the cases before they had been disposed of in the Police Court. Chief of Police Murphy so remarked yesterday morning when Sheriff Toffey served notice upon him to appear with his men before the Grand Jury.

Sheriff Toffey, however, informed the Chief that the presence of himself and every police official throughout the county was desired.

The Grand Jury intimated to the various police officials summoned before it that if they did not enforce the Sunday Closing law they would be indicted. Officials who had been negligent in that respect were very grim as they left the Court House.

The indictments yesterday were that the Grand Jury is taking hold of the Sunday observance question in earnest. The views of the members upon liquor selling on Sunday are well known. Liquor dealers whose cases are brought before this jury expect little mercy.

There was much speculation in Hoboken and throughout North Hudson yesterday when it became known that the jurors had summoned the public officials of that section of the county before them. The report that it had been determined by the members to assemble why the saloons were not closed on Sunday caused great uneasiness. The saloon keepers feared—especially those who had made no pretence of observing the law—that under pressure the police might become frightened and enforce strictly the Sunday law throughout Hoboken and North Hudson. Such a state of affairs would be a novelty in that section.

There is but little doubt expressed that few saloons will be doing business next Sunday. The action of the Grand Jury and the activity of the police this week are regarded as a menace to the man with a thirst who may be abroad in Hudson County on the next Sabbath day.

PROVISION BOX SMASHED.
Peculiar Accident to a Buffet Car of the Royal Blue Line.

Elizabeth, N. J., April 21.—As the Royal Blue Line train pulled into the Broad street station from New York at 11:58 o'clock this morning a peculiar accident befell it. On the buffet car there were several ice and provision boxes hanging from the roof.

The car swung slightly as it crossed the bridge over Broad street, and the bottom of one of these boxes hit a girder and was smashed into a thousand pieces. Ice and provisions were strewn over the track for several rods. It took half an hour to repair the damage.

An Aged Woman's Fatal Fall.

ONLY TWO MILLIONS DUE
Gold from the Recent Bond Sale Nearly All in the Treasury.

Washington, April 21.—The Treasury gold at the close of business to-day stood at \$125,912,637. The withdrawals for the day were \$73,500. Only \$20,000,000 of gold remain to be turned into the Treasury from the last bond sale of \$400,000,000.

On February 10 of this year the gold reserve had declined to \$44,000,000, its lowest point. The highest point reached after that date was \$128,000,000, the gold sold from the last bond sale was paid. Since February 10 there have been withdrawals from the Treasury in the redemption of United States notes and Treasury notes, \$30,000,000 in gold, and since July 1, 1895, the withdrawals have been \$125,000,000, or nearly \$125,000,000 more than was derived from the last bond sale. The total withdrawals for the present month have been \$4,725,000.

PUBLIC OFFICIALS ACCUSED.
Charged with Misappropriation at the Meeting of Lambertville Council.

Lambertville, N. J., April 21.—The Common Council of this city had a stormy session last night, at which public officials were openly accused of misappropriating money of the city.

One of the members accused an official of retaining money that should have been turned in by him. This caused much excitement, and a committee was appointed to look into the charges.

GIRLS SAVE A GIRL.
Belleville Factory Hand Sprained Her Ankle Flying from a Mad Dog.

Belleville, N. J., April 21.—A Skye terrier dog belonging to Joseph Knapp, a well known local dog fancier, was seized with the rabies this noon, just as a large number of factory hands were going to dinner. It caused a wild stampede of the girls and men. Many sought shelter in private yards, while others perched themselves on fences and in trees to get out of the way of the brute.

One of the girls sprained her ankle in her endeavor to escape. She fell, and the other girls stopped long enough to take her in their arms. Then they resumed their flight, carrying their injured companion with them.

Every one got indoors as the dog rushed through the streets, snarling and foaming at the mouth. His six other dogs before Mr. Knapp killed it.

This afternoon the police were busy putting the rabid dog to death. It was a fierce and ferocious animal, and it was feared that it would bite the teeth of the rabid terrier.

THEY REFUSED TO INDICT.
Judge Strong and a New Brunswick Grand Jury Clashed Over Policy Cases.

New Brunswick, N. J., April 21.—The Grand Jury, which came into court this afternoon, failed to present indictments against two alleged policy dealers, whose places were raised some time ago. Judge Strong, who was on the bench, told the jurors that it was their duty to indict the accused men.

"The Court would accept any theory or explanation of your failure to do this," said the Judge, "rather than one which would leave to me the conclusion that it is your intention that such violations of law shall become an established and approved business in this community."

He then sent them back to consider the matter. The jury retired and returned in half an hour, reporting that they stood by their first presentment. They refused to hand in any indictment and were discharged by the Court. It is likely that a special Grand Jury will be summoned by Judge Strong.

Five Italians Buried in Bloomfield, but Only One Is Injured.

Bloomfield, N. J., April 21.—While some Italians were digging a sewer trench on Spruce street at 2 o'clock this afternoon one side caved in and buried Vincenzo Melato. He was rescued with great difficulty.

Melato was badly bruised and was sent to the Mountbarn Hospital. Four others were buried in the trench up to their waists. They were not released until Melato had been removed.

Painter Falls Three Stories.
William Wilson, a painter, of No. 500 Washington street, Hoboken, while at work on a scaffold suspended from a house on Willow avenue, between Second and Third streets, yesterday afternoon, fell three stories, and was killed. His body was broken and he received internal injuries that will cause his death.

A WOMAN'S STORY.
It Should Be of Interest to Every Thinking Woman.

Women who reason well know that no male physician can understandingly treat the complaint known as "female diseases," for no man ever experienced them.

This, Lydia E. Pinkham taught them twenty years ago, when she discovered in her Vegetable Compound the only successful cure for all those ailments peculiar to the sex. Many women have a fatal faith in their physician, and not till they can suffer no longer, will they think and act for themselves.

The following testimony is straight to the point, and represents the experience of hundreds of thousands of now grateful women: "For six years I was a great sufferer from those internal weaknesses so prevalent among our sex. After having received treatment from four physicians of our city, and finding no relief whatever, I concluded to try Pinkham's Vegetable Compound, and it has proved a savior to me. It can truly be called a 'Saviour of Women.'—MRS. B. A. PERHAM, Waynesboro, Pa.
